EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Figure 1 has been amended as shown in the corrected drawing attached hereto.

Note: Since the original figure 1 has been replaced, applicant's must resubmit the original figure 1 in form of a replacement sheet.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest a folding multiplier for multiplying a multiplicand value and a multiplier values by performing functions as recited in the claims, wherein the functions include generating a first square by squaring the difference between the first folding value and a fractional portion of a first scaling factor which is equal to a predetermined full scale value if the first folding value is greater than one half of the full scale value, or equal zero if the first folding value is less than or equal to one half of the full scale value, and generating a second square by squaring the difference between the second folding value and fractional portion of a second scaling factor, the second scaling factor which is equal to the full scale value if the second folding value is greater than one half of the full scale value,
